Cell Phone Policy

Students may use a cell phone at school during designated times and in designated areas. Cell phone use is prohibited (the phone must be turned off and hidden) at all times when indoors and during any other instructional time.

While the school accepts no liability for lost or stolen cell phones, we request that you inform us of your child's cell phone number in order to assist us with the implementation of this policy. If you wish to allow your child to use a cell phone at school, you must fill out and return this form to your child's teacher.

Please note that repeated violations of the cell phone policy and/or use of a cell phone which constitutes a violation of the school's other discipline policies may result in confiscation and/or prohibition of cell phone use at school. The administration reserves the right to make the final determination in each case
