Dear Parents & Students,

We are very proud of our school and our students. Everyone has been working hard to learn the standards, and our entire community has helped to make our first year together a memorable and successful one. We especially thank our students' parents for their support in making Don Callejon an outstanding school.

Recently, however, we have learned that a few of our students have been misbehaving while walking to or from school. This must stop.

Parents: Please talk to your children and remind them that they must behave while going to and from school. This includes being respectful to our neighbors, and following all traffic safety laws, as well as all school rules and the Education Code.

Please make sure students:

- Respect private property (stay off the grass, do not touch or vandalize garbage cans, mailboxes, items left on porches, etc.)
- Do not disturb the neighbors (do not ring door bells, knock on doors, etc.)
- Keep voices at appropriate levels
- Use proper language
- Be kind, courteous and polite to all our neighbors
- Be safe when riding bikes and crossing the street (obey all traffic laws)
- Obey the Crossing Guards
- Be good citizens! Report any problems to the office or the police.

Reports of misbehavior will be sent to the police as appropriate. Also, students ARE under school jurisdiction when traveling to and from school, and are subject to consequences including suspension and expulsion.

Working together, we hope to have a wonderful relationship with our neighbors for many years to come. Our neighbors have pitched in to help build and support the school, and we want them to be as proud of our school and students as we are. Again, 99% of our students are outstanding citizens. However, working together, we will improve that figure to 100%. Thank you for your support!
